

Overview Certificates STREICHER Group

Management Systems:

ISO 9001 Quality Management Systems
ISO 14001 Environment Management System
SCCP Safety Certificate Contractors
ISO 45001 Occupational Health and Safety Management System
Safety Culture Ladder Version 4.2
ISO 50001 Energy Management
API Q 1 Quality Management System
Monogram licence API – 16A Drill Through Equipment
Monogram licence API – 16D Control Systems for Drilling Well Control Equipment
Monogram licence API – 4F Drilling and Well Servicing Structures
FPAL Quality, Health & Safety, Environment, Competence & Training

Certification according to Water Resources Law:

WHG Water Resources Law

DVGW:

GW 301 General pipeline construction
GW 302 Trenchless laying and rehabilitation of pipelines not in operation
GW 381 Construction companies in underground line construction
GW 11 Cathodic corrosion protection
FW 601 District heating pipelines
G468-1 Inspection of gas pipelines
G493-1 Gas pressure regulator plants, biogas feeder plants
G493-2 Maintenance of gas pressure regulating stations
W 120-2 Drillings for ground heat sensors

Welding Technology and Quality Assurance:

DIN EN 1090 Welding Steel Constructions
DIN EN ISO 17660-1 Welding Reinforcing Steel
AD 2000 HP 0 Welding Technology Manufacturing Welding Equipment
ISO 3834-2 Welding Quality Standard
CE 0036 Product Safety internal production control Module A2
CE 0045 Conformity Quality Assurance Module H
ASME ,R' metallic repairs and/or alterations
ASME ,U' Manufacture of pressure vessels

Nuclear Plants:

KTA 1401 Quality assurance

Others:

China licence
Proof of pre-qualification „general earth works and civil construction“
Proof of pre-qualification „constructional engineering construction“
RAL-GZ 962/2 quality mark cable line engineering
IEC 62443 Industrial IT Security – Control Systems and Components
Drilling Contractors Association (DCA-Europe)
